Instructions:

1. All questions are compulsory.
2. Read all questions carefully.
3. The paper has four sections (A– Reading , B– Creative Writing , C– Grammar , D– Literature)

Section A – Reading

Q1. Read the following passage carefully and answer the questions.

Trees are one of the most important parts of our environment. They give us oxygen, food, shade, and shelter. Birds and animals live in trees, and people use wood to make furniture and houses. Trees also help in keeping the air clean and cool. However, many trees are being cut down for roads, buildings, and industries. This causes air pollution, global warming, and loss of wildlife. Without trees, life on Earth would be very difficult.

We must protect trees and plant more of them. Schools and communities should organize tree-planting programs. Every person should understand the importance of trees and help in saving them. Moreover, we can also promote awareness through educational campaigns, encouraging people to appreciate nature and adopt sustainable habits. By working together, we can ensure a healthier planet for future generations.

A. Answer the following questions

- a. Name two things trees give us.
- b. Why are trees being cut down?
